Academic Referee's Report

Notes to Referees

- The applicant named below is applying for the admission to the research degree programme offered by the Hong Kong Polytechnic University. Please complete this report in English and submit the completed report directly through this page.
- All information given here will be treated as strictly confidential. It will be accessible only to the Selection Panels of the Hong Kong Polytechnic University.
- Please provide concrete and sufficient information in the report to facilitate the Selection Panel in evaluating the candidate's research ability and potential.
- All information submitted shall be handled in accordance with the requirements stipulated by the Personal Data (Privacy) Ordinance in Hong Kong.

Application Information

Name of Applicant	HUANG Pengyu
Choice of Department	Department of Applied Physics
Choice of Programme	Doctor of Philosophy

Choice of Research Field	Photonics, Plasmonics & Optoelectronics

1. How long and in what capacity have you known the applicant?

I first became acquainted with Pengyu Huang in the fall of 2023 when she enrolled in my "Digital Logic Design and Applications" course. During the classes, she demonstrated a strong interest in low-level hardware logic and exceptional learning capabilities, which left a deep impression on me.
Recognizing her solid academic foundation, I served as her supervisor for the comprehensive curriculum design project, "Design and Implementation of a Hand-held High-Precision Signal Generator," which spanned nearly a year in 2025. Through regular progress reports and technical discussions, I witnessed her successfully translate abstract digital logic theories into highly complex physical hardware systems. Having gained a profound understanding of her hands-on development skills, system-level architectural vision, and rigorous academic attitude, I am highly honored to recommend her to your esteemed institution.

2. How would you rate the following characteristics of the applicant in comparison with other students you have taught or supervised? (Please tick as appropriate)

	Excellent (top 5%)	Good (top 6% - 20%)	Satisfactory (top 21% - 50%)	Average or below than 50%
Intellectual capacity	○	○	○	○
Analytical power and reasoning	○	○	○	○

Knowledge of proposed research study	○	○	○	○
Judgment	○	○	○	○
Imagination and originality	○	○	○	○
Motivation and	○	○	○	○

3. How many students are there in your comparison group?

4. Please describe the research ability and potential of the applicant, and explain any other dimensions of the applicant's experience and skills that are relevant to his/her application?

5. What is your overall recommendation for the applicant to pursue research studies in Hong Kong?
